STATE: West Bengal.

Dated, Dhanbad, the 26th June 1965

AWARD

Ministry of Labour and Employment, Government of India, by its Order No. 51(52)/64-LRIV, dated the 11th August, 1964, referred under Section 10(1) (d) of the Industrial Dispute Act, 1947, to this Tribunal for adjudication, an industrial dispute existing between the management of the Eastern Bank Limited and their workmen in respect of matter specified below:

"Whether having regard to the directions contained in the Award dated the 21st July, 1962, of the National Industrial Tribunal (Bank Disputes), Bombay, published with the notification of the Government of India in the Ministry of Labour and Employment No. S.O. 2603, dated the 7th August, 1962, the quantum of bonus for the year 1962 paid by the management of the Eastern Bank Limited was adequate? If not, to what relief are the workmen entitled?"

2. On 26th June, 1965, the Tribunal received by registered post a joint petition of compromise, along with a certified True copy of the memorandum of settlement, for disposal of the Reference in terms of the said settlement which has entered into between the Bank and the All-India Chartered Bank Organisation Employees' Federation in regard to the Bonus dispute for the year 1956 to 1964 both years inclusive.

3. The memorandum of settlement dated 15th May, 1965, marked Annexure "A" is signed by all the persons concerned and I have read the terms of settlement and they appear to be fair and quite reasonable and, therefore, I accept the same and record the compromise.

4. It appears, however, from para 6 of the memorandum of settlement Annexure "A" that the parties undertook to file the application on and before 15th June, 1965 before this Tribunal with regard to the dispute regarding bonus for the year 1962 in terms of the said settlement. In the petition dated 24th June, 1965, in para 5, the said settlement was made, although 15th June, 1965, had expired and the petition had been filed on 24th June, 1965, but another petition dated 24th June, 1965, shows that the bonus disputes for the years 1956 to 1964, both years inclusive, have been settled in terms of the memorandum of settlement, marked Annexure "A". In this view, I take it that the memorandum of settlement marked Annexure "A" will govern the rights and liabilities of the parties in regard to the bonus for all the years 1956 to 1964 both years inclusive.

5. I, therefore, dispose of the reference in terms of the memorandum of settlement Annexure "A" and pass an award on the basis of the same and make the said memorandum of settlement Annexure "A" a part of this award and declare that the quantum of bonus for the year 1962 will be paid by the management of the Eastern Bank Limited, if not already paid, in terms of the memorandum of settlement Annexure "A".

6. This is the award, which I make and submit to the Government of India under Section 15 of the Act.

MEMORANDUM OF SETTLEMENT

Bombay, the 15th May, 1965

Representing the employer.—C. Raymond Esq., Manager, The Eastern Bank Ltd., Bombay.

Representing the workmen.—M. B. Newgi Esq., President, The All India Chartered Bank Organization Employees' Federation, C/o The Chartered Bank, Bombay. Manoranjan Bose Esq., General Secretary, The All India Chartered Bank Organization Employees' Federation, C/o The Eastern Bank Ltd., Calcutta.

Short Recital of the Case

The claims of the workmen represented by the All India Chartered Bank Organization Employees' Federation, in respect of additional bonus to the staff of the Eastern Bank Ltd., in India for the years 1956 to 1961 are pending consideration before the Chief Labour Commissioner (Central), New Delhi. The Government of India by its Order No. S.O. 2887 dated 11th August 1964 referred the dispute regarding bonus to the workmen for the year 1962 to the Central Government Industrial Tribunal at Dhanbad, which is pending adjudication. The employees of the Bank have been paid certain bonus for the years 1956 and 1964 but a demand has been made for payment of additional bonus for those years.

The parties therefore had mutual discussions with a view to arriving at an *ad hoc* settlement with regard to the claims for additional bonus for the years 1956 to 1964. After prolonged discussions, the matter was settled amicably on the following terms.

Terms of Settlement

1. It is agreed that this settlement has been entered into without prejudice to the Bank's contentions at law. It is further agreed that if in future a dispute is raised by any of the employees of the Bank with regard to the payment of additional or any bonus for any or all of the years 1956 to 1964 (both inclusive), it shall be open to the Bank to resist such a claim or claims on such grounds as are open to it including relevant provisions of the Bonus Award given by Mr. Justice K. T. Desai or the Banking Companies Act or any other law by which the matter may be governed.

2. It is agreed that an additional bonus as shown below shall be paid in full and final settlement of all claims for the years 1956 to 1964 (both inclusive) to each employee (whether workman or non-workman) in India and in service of the Bank during the years 1956 to 1964 (both inclusive) or for such of the aforesaid years during which he may have been in the service of the Bank, PROVIDED THAT in case any employee who at the date of this settlement is no longer in the Bank's service, or, if he should have died earlier, his legal representative(s), shall be entitled to and be paid bonus only on such employee or his legal representative(s) making an application to the Bank within six months from the date of this settlement. The Bank will be at liberty to refuse to entertain any claim received on or after 15th November, 1965:—

Additional 5% of basic pay & special allowance drawn in respect of the year 1956

Additional 5% of basic pay & special allowance drawn in respect of the year 1961

Additional 10% of basic pay & special allowance drawn in respect of the year 1962

Additional 10% of basic pay & special allowance drawn in respect of the year 1963

Additional 10% of basic pay & special allowance drawn in respect of the year 1964

subject to a minimum of Rs. 62.50 for clerks and Rs. 50.00 for others for a full 12 months service or *pro rata* where the period of employment is less.

3. The amount agreed to be paid as additional bonus for the years 1956 to 1964 (inclusive) as above in pursuance of this settlement shall be disbursed only upon the employee executing a receipt in the form appended hereunder discharging the Bank from all liability for payment of bonus for the years in question.

4. The disbursement of additional bonus as per this settlement shall be made as expeditiously as possible but in any event not later than 15th June, 1965.

5. The parties agree that this *ad hoc* settlement entered into shall not be treated as a precedent or taken as the basis or govern the principle for the determination of bonus in future but nevertheless this settlement shall be final and binding on the parties as regards the amount of bonus payable for the years 1956 to 1964 (both inclusive) qualifications for eligibility and procedure as set out hereinabove.

6. The parties hereby undertake to file an application on or before 15th June, 1965 before the Central Government Industrial Tribunal, Dhanbad, for disposal of the reference relating to the dispute regarding bonus for the year 1962, in terms of the settlement herein and The All India Chartered Bank Organization Employees' Federation hereby undertakes to withdraw its bonus claims for the years 1956 to 1961 pending before the Chief Labour Commissioner on or before 15th June, 1965 and further undertakes to withdraw its bonus claims for the years 1963 and 1964.

FORM OF RECEIPT

In terms of settlement dated 15th May, 1965 by and between the Management of The Eastern Bank Ltd., and The All India Chartered Bank Organization Employees' Federation, which I have read and understood and the terms of which I fully accept, I hereby acknowledge receipt of an amount of Rs. (Rupees)

New Delhi, the 31st July 1965

S.O. 2467.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Court of Inquiry received by the Central Government on the 17th July, 1965 in the industrial dispute between the employers in relation to the North Chirimiri Colliery and their workmen.

CENTRAL GOVERNMENT COURT OF INQUIRY

REFERENCE No. CI-1/64.

PARTIES:

Employers in relation to the North Chirimiri Colliery,

AND

Their workmen.

PRESENT:

Shri L. P. Dave, *Sole Member.*

APPEARANCES:

On behalf of employers.—Shri B. K. Lath, Chief Personnel Officer—

On behalf of workmen.—1. M. P. Colliery Workers' Federation. Shri Gulab Gupta, Genl., Secretary. 2. M. P. Koyala Mazdoor Panchayat, Absent.

STATE: Madhya Pradesh.

INDUSTRY: Coal Mines.

AWARD.

Whereas the Central Government was of opinion that an industrial dispute existed between the employers in relation to the North Chirimiri Colliery and their workmen and considered it desirable to refer certain matters to a Court of Inquiry, they passed an Order No. 8/201/63-LR. II dated 6th October, 1964 and referred the following matters to me for inquiry under Section 10(1)(b) of the Industrial Disputes Act. The matters referred to for inquiry are:—

- (i) to enquire into the facts and circumstances which had given rise to the strained relationship between the management of North Chirimiri Colliery and their workmen as represented by the Madhya Pradesh Colliery Workers' Federation, culminating in stoppage of work with effect from the 20th July, 1964;
- (ii) to report on—
 - (a) the extent to which responsibility can be placed on the management or the workmen for creating the conditions which brought about the stoppage of work; and
 - (b) the extent to which the settlements and Awards have been implemented within the prescribed time-limit by the management and to what extent the assurances given by the management have been implemented; and,
- (iii) to make recommendations as regards the steps that should be taken by both the parties i.e., the management as well as the workmen as represented by the Madhya Pradesh Colliery Workers' Federation, to normalise the relationship with a view to ensure the smooth working in the colliery.

2. In response to notices issued by this Court, two sets of written statements were filed on behalf of the workmen. They were represented by two different unions namely, the North Chirimiri Colliery Branch of Madhya Pradesh Colliery Workers' Federation and the M. P. Koyala Mazdoor Panchayat; and they filed separate written statements. The employers also filed their written statement. The matter was then fixed for hearing. At the time of hearing, the parties felt that an attempt should be made to see if the matter could be amicably settled. After some adjournments, a petition was filed signed by the employers and by the Madhya Pradesh Colliery Workers' Federation stating that the dispute was settled amicably. It may be noted that M. P. Koyala Mazdoor Panchayat has not signed the compromise nor has it appeared before the Court in spite of several notices being issued to them. Actually, excepting for filing a written statement and appearing only on one occasion, this Union never appeared before the Court.

3. It appears that there was stoppage of work in the colliery with effect from 20th July 1964. The first question referred to the Court is to inquire into the facts and circumstances which gave rise to the strained relations between the workers of the colliery and the management which culminated in the stoppage of work. The second matter referred to is to report on the extent to which the responsibility could be placed on the management or the workmen and the extent to which the settlements and awards had been implemented by the management within the prescribed time-limit. The last question referred to is to make recommendations as regards the steps that should be taken by both the parties i.e., the management as well as the workmen represented by the Madhya Pradesh Colliery Workers' Federation to normalise the relationship with a view to ensure smooth working in the colliery.

4. In the written statements, the parties blamed one another for the undesirable state of affairs which existed in the colliery at the time when this matter was referred to this Court. According to the Madhya Pradesh Koyala Mazdoor Panchayat, the blame laid with the Madhya Pradesh Colliery Workers' Federation. According to the Madhya Pradesh Colliery Workers' Federation, the fault lay with the employers who were trying to create a rival union and trying to do

things in the gusic of that union .According to the employers, the dispute was due to rivalry between the two unions.

5. None of the parties has led any evidence before me. This is probably due to the fact that there has been a settlement between the employers and the Madhya Pradesh Colliery Workers' Federation. (The other Union did not appear to have much interest in the matter). A copy of the settlement is appended herewith. Under the settlement, the Federation withdrew all demands made on the management and the management also agreed to drop all proceedings against the workers. The management also agreed to reinstate the 180 workers about whom a reference had been made to a Tribunal, and to withdraw an appeal filed by them under the Bonus Scheme. The management further agreed to pay a sum of Rs. 50,000 *ex-gratia*, for distribution amongst the workmen concerned through the above Federation. The compromise then settled a dispute about the de-railing and re-railing of tubs. Then the compromise recites that the Federation would co-operate with the management in enforcing strict discipline amongst the workers and the management would do everything possible to foster the growth of a healthy trade unionism. The Federation also undertook not to declare any strike and the management undertook not to declare any lock out for a period of two years. The compromise then laid down the procedure to be followed in case of disputes arising between the management and the Federation.

6. As I mentioned above, the first matter referred to this Court is to inquire into the facts and circumstances which gave rise to the strained relationship between the management and the Federation and the second is to report on the extent to which the responsibility could be placed on the management or the workmen for creating such conditions and also to report the extent to which settlements and awards have been implemented by the management within the time-limit. Neither party having led any evidence before me, it is not possible for me to give any finding on these points. To insist that the parties should lead evidence on these points would have been undesirable. The relations between the parties were strained, but the differences were made up by the compromise. Asking the parties to lead evidence for the purpose of deciding the responsibility for the strained relations would have resulted in the parties starting throwing mud at each other and all the good work which was done by the settlement would have been undone. In the circumstances, I did not insist on the parties leading any evidence on these issues and I also do not give any finding on these two issues because of there being no evidence on the points.

7. The third point referred to me is to make recommendations as regards steps that should be taken by both parties to normalise the relationship with a view to ensure smooth working of the colliery. For this the parties have by their compromise laid down the following procedure:—

- (i) If at any time any dispute or difference arises between the management and the Federation, the Federation would first refer the same to the Manager who would endeavour his best to come to an agreed settlement after mutual discussion.
- (ii) In the event the manager fails to arrive at any amicable settlement on any issue, the same should be referred to the Agent of North Chirmiri Colliery and Lala Dharam Vir Dhir, Director of United Collieries, Ltd., for settlement in the aforesaid manner.
- (iii) If settlement is not made accordingly and it is so desired by the Agent and Lala Dharam Vir Dhir, the points of difference may be referred to Lala I. M. Thapar for settlement.
- (iv) Failing to arrive at an agreed settlement in the above manner the points of dispute would be referred to arbitration by an agreed Arbitrator to be nominated jointly by the Union and the management or under Section 10(2) of the Industrial Disputes Act.

8. In my opinion, the above procedure should meet the purpose. An attempt is to be made in the first instance at the lowest level to settle the dispute. If it does not give any result, an attempt would be made at a higher level and if necessary at the highest level. If all these efforts fail, the parties would have to refer the matter to arbitration or adjudication. In my opinion, this procedure should be sufficient to normalise the relationship between the parties. Parties have already agreed not to call a strike or a lockout for a period of two years and this would also ensure smooth relationship between them.

I give my finding accordingly.

Dated, 13th July, 1965.

FORM H

(See Rule 58)

FORM FOR MEMORANDUM OF SETTLEMENT

NAMES OF PARTIES:

Representing Employers: Mr. D. D. Diddee, Agent, North Chirimiri Colliery.

Representing Workmen: Mr. Gulab Gupta, General Secretary, Madhya Pradesh Colliery Workers' Federation, Chirimiri.

Short recital of the case:

There was a stoppage of work at the North Chirimiri Colliery of the management since 20th July 1964 following some disagreement between the parties. Thereafter the Government of India appointed a Court of enquiry under Section 6 of the Industrial Disputes Act with Shri L. P. Dave as its sole member to enquire into the causes of this stoppage and also referred certain disputes for adjudication to the Industrial Tribunal, Calcutta, which are subject matters of Reference Nos. 7 and 15 of 1965. The parties, however, felt that it would be in the interest of industrial peace and healthy labour-management relations to settle all disputes by direct negotiations. Protracted negotiations were, therefore, held and the following settlement was reached:—

Terms of Settlement:

1. The Madhya Pradesh Colliery Workers Federation withdraws all demands made on the management of North Chirimiri Colliery to date and the management agrees to drop all proceedings instituted against the workers so far.

2. The management agrees to reinstate 180 workers whose cases have been referred to the Industrial Tribunal, Calcutta, on 8th of February 1965 and are now pending before the said Tribunal.

3. The management agrees to withdraw its appeal under the Bonus Scheme now pending with the Central Government Industrial Tribunal, Dhanbad.

4. As a gesture of goodwill and to establish industrial peace the management agrees to pay a sum of Rs. 50,000/- (Rupees Fifty thousand) *ex-gratia* for distribution amongst the workmen concerned through the Madhya Pradesh Colliery Workers' Federation. This amount will be made available by the management on or about 25th of April 1965.

5. It is hereby agreed by and between the parties that the underground trammers of Incline No. 4 where derailling and re-railing of tubs and normally done for the purpose of facilitating the loading of coal into the tubs will carry on such de-railing and re-railing of tubs in addition to their normal work so long as this kind of job is required by the management. For this kind of work, the underground trammers will be paid at the rate of 12 Paise per head per day. If this work of de-railing and re-railing is to be discontinued at any time, the management will be at liberty to do so on giving one week's clear notice to the Madhya Pradesh Colliery Workers's Federation. It is hereby explicitly understood that accidental de-railment and re-railment of tubs in course of tramping would be done by the trammers as was being done in the past.

6. The said Federation voluntarily agrees to co-operate with the management in enforcing strict discipline among workers and towards furtherance of industrial peace and betterment of production. The management in its turn will do everything possible to foster growth of healthy trade unionism in the area.

6(a) The problem of surplus workers, if any, due to the closure of the Power House or otherwise including the Federation's request regarding some workers and Labour Sardars will be discussed by the parties mutually with a view to settle the same during the forthcoming visit of Lala Dharam Vir Dhir, Mr. J. R. Sharma and Mr. D. D. Diddee to the colliery.

7. The Federation undertakes that no strike will be declared and likewise the management undertakes not to declare any lock-out for a period of two years from date and this undertaking shall continue thereafter until any notice of termination is given by either party, of this settlement, in accordance with the provisions of law.

8. It is hereby agreed that all future disputes and differences between the Federation and the management will be amicably settled according to the procedure laid down below:—

- (a) If, at any time, any dispute or difference arises, the Federation will first refer the same to the Manager who will endeavour his best to come to an agreed settlement after mutual discussion.
- (b) In the event the Manager fails to arrive at any amicable settlement on any issue, the same shall be referred to the Agent of North Chirmiri Colliery and Lala Dharam Vir Dhir, Director of United Coleries, Ltd., for settlement in the aforesaid manner.
- (c) If settlement is not made accordingly and it is so desired by the Agent and Lala Dharam Vir Dhir, the points of difference may be referred to Lala I. M. Thapar for settlement.
- (d) Failing to arrive at an agreed settlement in the above manner the points of dispute will be referred to arbitration by an agreed Arbitrator to be nominated jointly by the Union and the management or under Section 10(2) of the Industrial Disputes' Act.

9. It is hereby agreed by and between the parties and they will jointly apply to the Court of Enquiry, Central Government and to the Industrial Tribunal before whom references are pending and in their application, they will request the Court of Enquiry or the Central Government to drop further proceedings in the matter and apply to the Industrial Court Tribunal to pass an award in terms of the settlement hereof.
